

POLYPROPYLENE PIPE CLAMPS (Green)

GREEN POLYPROP SINGLE SHELL

Polypropylene Pipe Clamps (Green)

Two-piece pipe clamp system for securing pipes, tubes, and hoses. Designed to reduce vibration, noise, and wear.

Compatible with standard DIN 3015 / Stauff-style systems.

Construction

- **Clamp Shell:** Green Polypropylene (PP)
- **Design:** Twin (2-piece) clamp body

Hardware: Carbon steel (plates, bolts, nuts)

Key Features

- Corrosion & chemical resistant
- Vibration & noise reduction
- Prevents pipe wear
- Lightweight, durable
- Easy installation

Operating Range

- **Temperature:** -30°C to +90°C
- **Chemical Resistance:** Oils, fuels, industrial fluids

Applications

Hydraulic, pneumatic, industrial, mining, marine, OEM

Mounting Options

Weld plates, rails, channel nuts, stacking systems

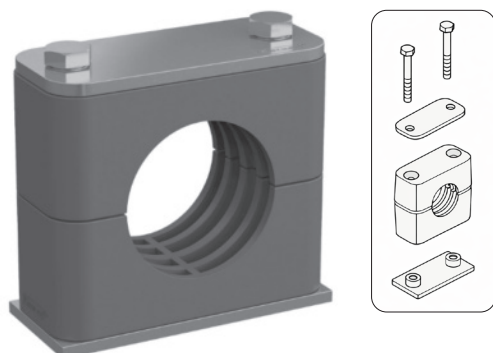

Compatibility

DIN 3015 / Stauff-style interchangeable

Black Polyamide Clamp Shell (Pair) - Available in Selected Sizes - Next page

POLYAMIDE PIPE CLAMPS (Black)

BLACK POLYAMIDE SINGLE SHELL

Polyamide Pipe Clamps (Black)

Two-piece pipe clamp system for securing pipes, tubes, and hoses. Designed for higher load applications with excellent strength and durability. Compatible with DIN 3015 / Stauff-style systems.

Construction

- **Clamp Shell:** Black Polyamide (PA)
- **Design:** Twin (2-piece) clamp body, holds two pipes side by side.
- **Hardware:** Carbon steel (plates, bolts, nuts)

Key Features

- High mechanical strength
- Impact and wear resistant
- Suitable for higher load applications
- Good resistance to oils and chemicals
- Long service life

Operating Range

- **Temperature:** -40°C to +120°C (approx.)
- **Chemical Resistance:** Oils, fuels, greases, industrial fluids

Applications

Hydraulic systems, mobile equipment, mining, heavy machinery, industrial installations

Compatibility

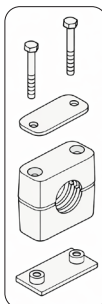

DIN 3015 / Stauff-style interchangeable

POLYPROPYLENE PIPE CLAMPS - TWIN SHELL (Green)

GREEN POLYPROP TWIN SHELL

Polypropylene Twin Pipe Clamps (Green)

Two-piece twin clamp system designed to secure two pipes side by side. Reduces vibration, noise, and wear. Compatible with DIN 3015 / Stauff-style systems..

Construction

- **Clamp Shell:** Green Polypropylene (PP)
- **Design:** Twin (2-piece) clamp body
- **Hardware:** Carbon steel (plates, bolts, nuts)

Key Features

- Secures two pipes in parallel
- Corrosion & chemical resistant
- Vibration & noise reduction
- Prevents pipe wear
- Lightweight, durable

Operating Range

- **Temperature:** -30°C to +90°C
- **Chemical Resistance:** Oils, fuels, industrial fluids

Applications

Hydraulic, pneumatic, industrial, mining, marine, OEM

Compatibility

DIN 3015 / Stauff-style interchangeable
